He taught at St. Aloysius, New Orleans, from 1910 to 1912 and returned there as principal in 1924 which position he held for three years.

He was principal of St. Stanislaus from 1932 to 1938; he also served as principal at St. Aloysius in Vicksburg and taught in Thibodaux, Indianapolis and Washington, Ind.

After hearing testimonies of five witnesses, Judge Grant ruled that, in view of the evidence presented, he felt Blackwell was entitled to bail bond although armed robbery is normally a non-bailable offense in Mississippi.

Sheriff Gerald Price testified Blackwell was arrested by state highway patrolmen Harrison County sheriff's deputies and Gulfport police on an armed robbery warrant issued by Beat 5 Justice of the Peace Nellus Rhodes.

Price told the fact of the hijacking which occurred on state highway 603 near Kiln, as reported to him by A. J. Stieffel and Donald Dorn, driver of the truck.

Dorn and A. J. Stieffel testified they identified Blackwell by his voice following his arrest in Harrison County.

Other witnesses in the case were State Ptn. Irvin Rippey and Lt. C. E. Vann, chief of detectives of the Harrison County sheriff's office who described the arrest of Blackwell near Gulfport.

The other suspects, Sheriff Price said, who were identified by District Attorney Holleman as Eugene Evans and Charles Evans, were arrested January 17 by authorities in Salano County, Calif. Warrants, he added, charging them with armed robbery, kidnapping and auto theft have been forwarded to the Salano County sheriff and extradition papers seeking the return to Mississippi are being prepared by District Attorney Holleman.

Liquor and receipts from previous deliveries totaling approximately \$5,000 were reported taken in the hold-up. Stieffel and Dorn were bound and gagged and left on the side of the road.

The truck, minus its contents, was later found abandoned off State Highway 33 near the Harrison County line.

Sheriff Price said another suspect is still at large.

### Heart Disease Snuffs Out Life Of One Person Every 52 Minutes

Jackson, Special—Heart disease snuffs out the life of one Mississippi man, woman or child every 52 minutes around the clock every day of the year.

It rages as he unchecked modern American epidemic.

Determined that heart disease will not always be epidemic in their state, Mississippi men, women and children again this February have pooled their energies to help scientists save lives through research.

In almost every county in the state, Heart Fund volunteers have begun their 28-day concerted bid for the money which must be raised if heart disease research, education and community action are to continue.

They're aiming for \$180,000 as Mississippi's share in the nationwide fund to fight heart disease.

Says State Heart Fund Chairman Rubel Phillips of Jackson, "Heart volunteers come from age group and every walk of life because heart disease afflicts them all. It's dangerous to think of heart disease as something that carries us gently away in old age," he warns. "We must be heart-conscious from childhood on because heart disease doesn't just affect the elderly. It hits the wage earner at his peak; the housewife with a home full of youngsters, and cuts a swathe all the way down to the cradle."

The final answer to the heart disease toll is dedicated and inspired research to find causes and cures, physicians reveal. As its part in a national effort, the Miss. Heart Assn. is this year investing more than \$75,000 in heart research and training; using 45 per cent of the \$170,000 Heart Fund so generously contributed here in 1960.

In many communities, Phillips says, school children have begun their special project to put their pennies to work in the heart fight. The Queen of Hearts contest, started Jan. 30 and ending Feb. 10, lets youngsters share in the heart program.

Chaired on a per capita basis, every child has an equal chance to win local Heart Queens, crowned the privilege of being crowned state Queen of Hearts at a benefit tea to be held in the Governor's Mansion in Jackson on Feb. 17. Last year some \$7,500 came from the tea.

Mrs. Sam Douglas and Dr. Win Neeble, co-chairmen of the American Legion Auxiliary fund-raising campaign, announced the Blue Crutches for the March of Dimes Campaign, which nets \$77.00.

The fund-raising campaign, which was held at the home of Mrs. Douglas, was a great success.

All conference teams were announced. Boys making the all-conference team were Tommy Goffin and Woody Allison of Bay High, Robin Wilson, and Ronald Schenewitz of Harrison Central, Douglas Neeble and Calvin Shaw of Hancock North Central, Tommy Jones and Denver Glazier of Ocean Springs, Mike Bonney of Pass Christian and Teddy Evans of Parkin.

Thursday and Friday action will start at six p. m. while Saturday finals will begin at 7:30.

In the boy's division North Central and Ocean Springs are top seeded, with Bay High, Carriere and Harrison Central looming as dark horses. In the girl's division Carriere, who recently won the Bay High Invitational Tournament appears to be the team to beat. Harrison Central is expected to provide stiff competition for them.

A large crowd is expected each night since this is the first time in several years that the Sub-District Tournament was held here.

## BRIDGE TO GOD'S WORLD

The bridge, what a miracle! Tons of steel hanging in air . . . spanning miles of water . . . supporting an unending line of cars like so many ants.

And what a boon to man! The bridge saves untold hours and opens up new vistas of life.

The bridge of prayer, what a miracle! Spanning Heaven and Earth . . . carrying the needs and hopes of believing hearts. What a boon to man! The bridge of prayer opens up new paths of creative living and vistas into the realm of Heaven.

In Church you can discover prayer—the bridge which leads to God's world.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Treasury Department Pays Tribute To Support of Bond Program**

Washington, D. C., Feb. 1.—The Treasury Department today paid tribute to American industry for its outstanding support of the Savings Bond Program over the past 20 years.

The salute to business recognized the participation in the Payroll Savings Plan by 45,000 companies, including many of the largest in the country. Under the Plan, employees are enabled to buy bonds on a partial-payment plan through regular payroll deductions.

The Plan is voluntary, with the employee deciding what amount he wants to save each pay period. For low-income workers, the amount saved can be as little as \$1.35 a week. However, of the more than eight million people now buying bonds under the automatic saving plan, the average is about \$20 a month.

"American industry has given the Savings Bond Program its greatest success," William H. Neal, National Director of the Treasury's Savings Bond Program, declared in commenting on the salute to business.

"The 45,000 American companies have sold many billions of dollars in Savings Bonds at no cost to the taxpayer," he continued. "By operating the Payroll Savings Plan, these companies, big and small are helping to keep our country strong. At the same time, they're helping eight million people save automatically for the things they want. America owes a vote of thanks to these contributors for their outstanding contribution to the 20-year success story of the U. S. Savings Bond Program."

The industry tribute appears as the second in a series of monthly advertisements in observance of the 20th anniversary of the Savings Bond Program. The ad series, carried as a public service of the

## Largest Forest Fire In County In Past Three Years

Fire which covered 277 acres of land on Lower Lakeshore Road and Highway 90, Sunday afternoon was said by Marion Parker, Hancock County Area Forester to be the largest in the county in the past three years.

Due to high winds, Parker added, the fire spread rapidly and 3 crews from the forestry department fought the fire for four hours.

The amount of damage was only \$1,000, which Parker said, was due to the fact that there was very little timber in the area. Cost of extinguishing the fire was estimated at \$120.

Included in the property damaged were a planted few acres of pine, a pear orchard and pasture belonging to Joe E. Burrow and owned by Dr. Paul Pursley, Peck Williams, Horatio Ladner, W. A. Garcia and Ed Ortle.

There were three other fires Sunday which averaged approximately 20 acres each. Lee Williams, Bay Springs State Forestry Investigator, has been called to investigate the source of the fire, Mr. Parker concluded.

## Incendiary Device To Be Investigated By State Fire Marshal

An incendiary device found on the roof of St. Michael's Brothers wholesale warehouse in Waveland recently was turned over to the state fire marshal in Jackson for investigation, according to Sheriff Gerald Price.

The object was found after employees noticed damage to cartons in the warehouse and informed the owner of the building, Mrs. Bea Georger, that the roof was leaking.

A can containing fluid was discovered by James Ruhr carpenter in the center of a hole which had apparently been burned.

The device, described as "apparently a homemade incendiary bomb," either failed to explode as planned or the heavy lumber beneath the roofing material prevented further damage, Ray Stiefel, co-owner of the business said.

Mr. Stiefel added he had no idea when the device was placed on the building.
